We take the burden off you and your team by focusing on the areas requiring specialized knowledge. We work with you on:

### New Accounting Standard Implementation

A new wave of International Financial Reporting Standards (IFRS) changes has arrived. Take the burden off your internal resources by working with MNP's highly trained professionals and subject matter experts to assist you in implementing these new standards, including appropriate accounting positions and financial statement disclosures.

### Loan Staffing

Our deep pool of experienced and knowledgeable professionals, local and national, can help fill your talent gap in all areas of your finance function. Where practical, we can loan to you Chartered Professional Accountants from students to partners, tailored to your business' requirements.

### Complex Transaction Accounting

Gain clarity and certainty by tapping into MNP's dedicated technical accounting team when completing a complex transaction, where your team may not have the time or expertise required. From the initial review of the accounting policies of a proposed merger or acquisition, to assisting you with the purchase price allocation, through to post-transaction support, we provide comprehensive solutions ensuring integration and alignment critical for your success.
